

## MAINTENANCE SERVICE LILIAN MEASURING DEVICE

Lilian Labs stands for precision in water analysis. In daily use, your Lilian measuring device is exposed to high loads. Therefore we recommend the regular maintenance of your measuring device at Lilian Labs. Besides the security that your system will continue to work correctly, you will receive a certificate confirming this. And the best: You will receive a warranty extension of one more year after each maintenance!

### Your advantages at a glance:

- o General inspection of the LILIAN incl. minor repairs
- o Replacement of springs and seals
- o If necessary: Replacing the accus
- o Installation of the latest software version
- o Checking the measurement accuracy
- o Warranty extension for 1 year
- o Certificate confirming measurement accuracy
- o Replacement device for the duration of the maintenance

**249 EUR**  
plus shipping costs
